Saturday, 2 September 2023

Saturday, 2 September 2023										Classroom set-up									
	Poster Area	Auditorium 900-2,000	Liffey B 954	Liffey A 710	Wicklow Hall 2 500	Liffey Hall 2 280	Liffey Hall 1 220	L3 Foyer A 60	L3 Foyer B 60	Liffey Meeting Room 1 - 29 pax	Liffey Meeting Room 2 - 50 pax	Liffey Meeting Room 3 - 36 pax	Liffey Meeting Room 4 - 17 Pax	Wicklow Meeting Room 1 - 40 pax	Wicklow Meeting Room 2 - 40 pax	Wicklow Meeting Room 3 - 30 pax	Wicklow Meeting Room 4 - 29 pax	Wicklow Meeting Room 5 - 30 pax	
08:00-08:30										Half-day Teaching Course: Syndrome Classification	Full-day Teaching Course: Neuroimaging in epilepsy - what the clinician should know	Half-day Teaching Course: Status epilepticus	Half-day Teaching Course: Patient and Public Involvement in Epilepsy Research	Half-day Teaching Course: Let's read EEGs together!	Half-day Teaching Course: Genetic testing: whom, when and what to test	Half-day Teaching Course: Is this epilepsy? If not, what is it?	Half-day Teaching Course: Which AED to start with? When to stop?	Half-day Teaching Course: Epilepsy surgery: learn from cases!	
08:30-09:00																			
09:00-09:30					Optional Extra time reserved for Chapter Convention														
09:30-10:00																			
10:00-10:30																			
10:30-11:00																			
11:00-11:30																			
11:30-12:00																			
12:00-12:30					Chapter Convention														
12:30-13:00																			
13:00-13:30			WONOEP Symposium	IBE Golden Light Forum				Special Interests: Gain and loss-of-function variants in SCN1A-related epilepsies: phenotypic spectrum, therapeutic implications, predictive tools and functional studies guiding the choice of	Special Interests: Reproductive risks associated with antiseizure medications	Half-day Teaching Course: Syndrome Classification	Neuroimaging in epilepsy - what the clinician should know	Half-day Teaching Course: Status epilepticus	Half-day Teaching Course: Patient and Public Involvement in Epilepsy Research	Half-day Teaching Course: Let's read EEGs together!	Half-day Teaching Course: No response to first AEDs. What next?	Half-day Teaching Course: Is this epilepsy? If not, what is it?	Half-day Teaching Course: Which AED to start with? When to stop?	Half-day Teaching Course: Epilepsy surgery: learn from cases!	
13:30-14:00					General Assembly														
14:00-14:30																			
14:30-15:00			Award Symposium: Michael Prize																
15:00-15:30																			
15:30-16:00						Satellite Symposium	Satellite Symposium												
16:00-16:30																			
16:30-17:00																			
17:00-17:30			Parallel Session: Clinical diagnostic challenges in the genetic epilepsies and opportunities for precision treatment	Parallel Session: Paediatric epilepsy surgery: rethinking concepts and reimagining possibilities	Epicare Session: How to streamline up-to-date diagnostic processes in epilepsy when suspecting a rare or complex epilepsy: an ERN	Parallel Session: Climate change and epilepsy: everyone's challenge	Parallel Session: Innovations in the prevention and treatment of epilepsy in tuberous sclerosis complex	Special Interests: How do you start to solve epilepsy in resource limited settings?	Special Interests: Is Precision Medicine the Answer to DEE Treatment										
17:30-18:00																			
18:00-18:30																			
18:30-19:00																			
19:00-19:30		WELCOME CEREMONY																	
19:30-20:00																			
20:00-20:30		Wel. Reception																	

Adult Epileptology	Drug Therapy	Epilepsy Surgery	Nursing	Social Issues
Basic Science	Epidemiology	Genetics	Paediatric Epileptology	Status Epilepticus
Clinical Neurophysiology	Epilepsy and Reproductive Health	Neuroimaging	Pandemic Response	Terminology & Classification
Comorbidities	Epilepsy in special groups	Neurostimulation	Psychiatry & Neuropsychology	Other

	Poster Area	Auditorium 900-2,000	Liffey B 954	Liffey A 710	Wicklow Hall 2 500	Liffey Hall 2 280	Liffey Hall 1 220	ILAE SECTIONS			L3 Foyer A 60	L3 Foyer B 60	
08:00-08:30	Set up	Teaching Session: VIREPA Basic & Advanced EEG	Teaching Session: Epileptic encephalopathies	Teaching Session: Video session – adult		Satellite Symposium		60	60	60	Special Interests: The high burden of Functional Dissociative Seizures: meeting the challenge	Special Interests: Harnessing the Power of Laws for the Intersectoral Global Action Plan - Fireside Chat	
08:30-09:00													
09:00-09:30													
09:30-10:00													
10:30-10:30	Posters	Presidential Symposium: Defining meaningful outcomes in the genomic era											
10:30-11:00													
11:00-11:30													
11:30-12:00			Break							ILAE YES Brainstorming Session	Nursing	Pharmacy	Break
12:00-12:30		Parallel Session: Innovation Gaps in Epilepsy- Shortening Timelines and Improving Access to New Treatments for Epilepsy	Parallel Session: "I'm terrified of my epilepsy": Managing the challenge of anxiety in epilepsy patients	Parallel Session: Reducing the treatment gap and mitigating economic implications in pediatric epilepsy			Parallel Session: Imaging, electrophysiology, and genetics: At the interface of epilepsy inheritance risks and lifespan plasticity	Neurobiology Symposium: New frontiers in Blood brain barrier regulation and epilepsy					
12:30-13:00													
13:00-13:30													
13:30-14:00													
14:00-14:30		Lunch, Posters				Satellite Symposium			Lunch, Posters			Lunch, Posters	
14:30-15:00													
14:30-15:00													
15:00-15:30													
15:30-16:00		Platform Session: Paediatric Epileptology	Platform Session: Drug Therapy 1	Platform Session: Basic Science 1			Platform Session: Genetics 1	Platform Session: Neuroimaging					
16:00-16:30													
16:30-17:00		Break							ILAE YES Career Development Session:	Nursing	Neurotech	Break	
17:00-17:30		Take down	ILAE Andermann Lectureship - Samuel Berkovic			Controversial Discussions: Digital systems help in diagnosis and treatment of epilepsy?	Satellite Symposium	Controversial Discussions: Neonatal Seizures and Epilepsy - From the past to the future: Why we still have controversies?					Special Interests: ASM withdrawal
17:30-18:00													
18:00-18:30													
		Adult Epileptology	Drug Therapy	Epilepsy Surgery	Nursing	Social Issues							
		Basic Science	Epidemiology	Genetics	Paediatric Epileptology	Status Epilepticus

Tuesday, 5 September 2023

	Poster Area	Auditorium 900-2,000	Liffey B 954	Liffey A 710	Wicklow Hall 2 500	Liffey Hall 2 280	Liffey Hall 1 220	ILAE SECTIONS			L3 Foyer A 60	L3 Foyer B 60	Liffey MR 2 50/141	
08:00-08:30	Set up		Reserved Basic Science Teaching Session			Satellite Symposium	Teaching Session: Immunity, inflammation and epilepsy				Special Interests: Can and how much should primary health care providers be engaged in epilepsy care?	Special Interests: International academia-industry collaboration: implementation of EEG/epilepsy education and research	Teaching Session: Advanced EEG: source imaging – part 2 (Hands-on)	
08:30-09:00														
09:00-09:30														
09:30-10:00			Main Session: Next generation networks to improve diagnosis and treatment	Main Session: Complex and Rare Epilepsies: The past, the present, and the future										
10:30-10:30	Posters	Break												
10:30-11:00														
11:00-11:30														
11:30-12:00									ILAE YES Brainstorming Session	Nursing	Neurotech	Break		
12:00-12:30			Parallel Session: Plant based therapies for epilepsy: challenges and opportunities	Parallel Session: Identifying and managing neurobehavioral	Parallel Session: Creating small lesions to treat epilepsy	Epilepsy Quiz Round One	Parallel Session: Multi-omics in acquired epilepsies: beyond genes and transcripts	Half day nursing						
12:30-13:00														
13:00-13:30														
13:30-14:00			Lunch, Posters				Satellite Symposium							
14:00-14:30						Award Symposium: Epilepsia Open								
14:30-15:00														
15:00-15:30														
15:30-16:00		Platform Session: Epilepsy Surgery 1	Platform Session: Basic Science 2	Platform Session: Status Epilepticus										
16:00-16:30						Platform Session: Mixed								
16:30-17:00		Break												
17:00-17:30	Take down	Cases for the Experts: An Irish challenge – complex cases for the experts	Controversial Discussions: Acute symptomatic seizures: what is benign, what needs treatment?	Controversial Discussions: Beyond Ketogenic Diet: What metabolic system should be targeted for clinical intervention in epilepsy	IBE Public Session	Satellite Symposium					Special Interests: When a patient with implanted electrodes should NOT be operated	Special Interests: MOGHE (Mild Malformation of Cortical Development with Oligodendroglial Hyperplasia in Epilepsy): A New Underdiagnosed Epileptic Brain Lesion		
17:30-18:00														
18:00-18:30														
18:30-19:00														
19:00-19:30
